DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35

U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country; more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 6, 14, 15 and 19 are rejected under 35 U.S.C. 102b) as being clearly anticipated by U. S. Patent No. 6,170,011 to Macleod Beck et al.

As per claims 1 and 14, Macleod Beck et al. disclose the limitations of these claims (see at least the abstract and fig. 5).

As per claims 2, 6, 15 and 19, Macleod Beck et al. disclose sending a functionalityand receiving a key.....(col. 18, lines 6-19).

Allowable Subject Matter

Claims 8-13 are allowed.

Claims 3-5, 7, 16-18, 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
